

## New Year 2023 Prayer

Lord, give me words to say. Let me be a vessel of Your Glory. Let me speak only what You would have me speak. Let Your sound of heaven be my outpouring. Remove every block, every hindrance, out of Your way. Create a clean heart in me, O Jesus, have your way. I love You, Lord, with all my heart and I am here asking for a brand new start. Erase my past, let Your blood wash away all my sins. Those failures, disappointments, and wrong hidden motives. Make me clean now, I pray. Let me walk close to You, let me never leave Your side. Let me be one with You in my body, spirit, and mind. Fill me up till I overflow. Let mercy and grace pour out of me. Fill me up and let me overflow with a peace that passes all understanding. Father, I am living in a world that has turned from You but let me be a light in the darkness. For as I expel Your light, let no shadow of turning be untouched by Your truth. For as dawn breaks forth, to expel the darkness, so let my light shine to expel and deter the enemies pursuits. Father, this is my prayer, let me always have a heart that longs after You. Father, this is my desire, to give my body for heaven's pursuit.
